Dear Tommy:

28 June 54

We made good time back eleven hours driving time Route 18 - 5 - 19 US 60 - 220 to Greensboro, should you elect to enter by Route 220 I took some mileage as a guide - on the back.

Both Louisa & I were a little sad in leaving we knew you loved your sheep & had worked so long with them. We are agreed that when you finish school and army if you want your blood lines back we will assist; up to the best of our ability will breed to your high standards, - we are now prepared to receive the animals at your convenience (any time) & your parents are invited for 2 nights and a day to see our land.
