Dear Mom, Dad + Linda.

Well we are sorry we worried you all, but we had very bad luck and the money was very short so we thought we should wait and write a letter after we arrived. My mother and Dad were to call you, so you sure know what went wrong by now.

Well, Tom loves his work and we both love the country and our little house. You can see Pikes Peak our window and we are 8,000 ft up and the Adams house is 9,000 ft. The weather is real nice. The sun shines every day and just before noon the fog rises from the mountains. Its just lovely.

all-most all the men out here wear cow boy cloths.

We went thought a few goat towns, and saw alot of wheat fields. we took the Pennsylvania & Ohio Pike and we were going to take the Indian Pike, but we were after we would run out of money, so we took the route to Fort wayne and west through Indiana.

well, we are bought tired, so we

well close for now. You will here
from us soon again.

"Happy Birthday"
(we will send a card)

Dear Mom, Dad & Linda,

Sorry, the card is late, but we just ~~got~~ ^{went} to town the other day and the mail ^{mail} just ~~go~~ comes but ~~once~~ every other day. What would you like for a birthday present?

We had a bad snow here last night and we are just about snowed in.

We are planning on going to a sale Friday. To see if we can find anything nice for the house.

We go to town once a week for food and things. The town isn't very big, but it has everything any other store would have. Prices here are not as high as they were in Morgantown.

Tom has gone to milk now. He milks at 4:00 in the morning and 8:00 afternoon. I haven't found out anything about the percentage, and all the things you wanted to know about the cow's, but ~~when~~ we find out I will write it in the letter and let you know.

Cooking here isn't any harder. Everyone told me it would be, but it isn't. Food tastes better here and the air is a lot cleaner.

Well, if there is anything else I will write it in the letter before I mail it. If not I will close for now.

Love
Sandy, Tom & Warren
