Mr. and Mrs. Thomas Savage

West Virginia

Dear Mr. and Mrs. Savage:

We don't blame you for being proud of Thomas Louis. May we take this opportunity to wish him a belated Happy Birthday.

We enjoyed seeing his picture in last Sunday's Wheeling News-Register, and fully do we realize that some day he is going to be one of our future citizens.

The picture of your son, as well as all the others, is of such interest to us that we have secured an extra copy of last Sunday's paper and pasted each picture in our scrap book. We think it will be interesting fifteen or twenty years from now, when these youngsters grow up to be regular customers of ours, to turn back through the pages of our scrap book and see how they looked when we first knew them.

We would suggest that you keep this letter, along with the picture, believing that some day it will prove to be an interesting keepsake to your child.

Yours very truly,

L. S. GOOD & COMPANY

Sam E. Harman
